MAPS OF OFF-LIMITS AREAS AS OF 23 December 2020

As mentioned in the Commander Fleet Activities Sasebo (CFAS) Public Health Order (PHO) dated 23 December 2020, travel, leave and liberty activities are allowed for areas designated in Green and Yellow on Map (1), below. Leave in Red zones designated in Map (1) outside of Kyushu is prohibited. Please refer to the PHO and Public Affairs issued guidance for a description of what activities may be done within these areas.

Direct transit through <u>all</u> Red areas is allowed. "Direct transit" means passing through without exiting (e.g. going through on an expressway and not exiting until transit through the prohibited area is complete; riding a train through a red area without stopping in the area; taking a connecting flight from an airport in a red area without entering the red area for other activity).

Map (1) shows all prefectures in Japan and their corresponding color status. Red zones outside of Kyushu <u>may not be visited for leave or liberty</u>.
